

New Benefits / miQuotes

Getting Started With New Benefits/miQuotes

Are you are ready to begin offering quality, affordable benefits to your clients and prospects and create additional revenue by leveraging your existing relationships and not your time?

Getting started is fast and easy!

What You Get With the miQuotes Program

- Fully customized multi product – multi company quoting engine customized to your agency
- **Free** Promotional HR and Association Advantage websites to help you prospect
- Leads sent to you 24/7 from your accounts
- Application Tracking system
- Optional call center to sell, service process and deliver your business (case is split with call center) Keep all the commissions if you want to do the sales, service, process and delivery functions!
- Traditional commissions
- **Free & unlimited** Voluntary Insurance Program (VIP) websites that you can create in minutes. Yes, you can create hundreds of VIP sites at no additional cost.
- **Free** Product of the Month promotion to your accounts in HTML or PDF format

How to Get Started

1. Request a Reservation Form and Website Application from 3MarkMarketing@3Mark.com
2. Complete the Reservation Form and mail the original copy to 3 Mark (Please include a list of all appointments you currently have for the carriers on the miQuotes platform)
3. Complete the website application and email it to 3MarkMarketing@3mark.com
4. When the Reservation Form and Website app have been received, your website will be created within 2-4 business days
5. miQuotes will contact you directly to customize your website (please allow an additional 1-2 days for customization.) At this time, you may decide on color schemes for your website, add your company logo, choose the products and services you want to offer, change graphics, etc. The options are limitless!
6. When you are satisfied with your site you may begin using it immediately
