

# miQuotes Insurance

## You bring the relationships and we'll do the rest...

Introducing the **miQuotes** platform: a simplified approach to selling insurance using online quoting combined with licensed insurance agents in a call center environment.

At 3 Mark, we recognize time is your most valuable asset. And that time is best spent developing relationships, not running quotes, not taking applications, not delivering policies.

Through miQuotes' unique blend of technology and touch, you can now expand into new markets and create revenue streams by leveraging their time and resources

## A Turnkey Solution for Agents

- Create your own customized co-branded website utilizing the miQuotes technology
- Offer term, ROP, permanent, dental, vision, health/medical, disability, accident and more through a single platform
- Online, real time application tracking through your website
- Leverage the MiQuotes call center staffed with licensed agents who will sell, service, process and deliver the business
- Create additional **Free** websites for associations, businesses, P&C agencies, etc.

**It's that simple!**

### Target Markets

- Employer Groups
- Associations
- Financial Institutions
- Churches
- Chambers of Commerce
- School Districts
- Multi Level Marketing
- Organizations
- CPA's

## The Paperless System

Obtain quotes online via co-branded website

Agent or client submits application requests to our processing center

We provide all processing

Policy is delivered to the client and commissions are paid

Power of Flexibility  
Power to Sell  
Power to Process  
Power to Deliver

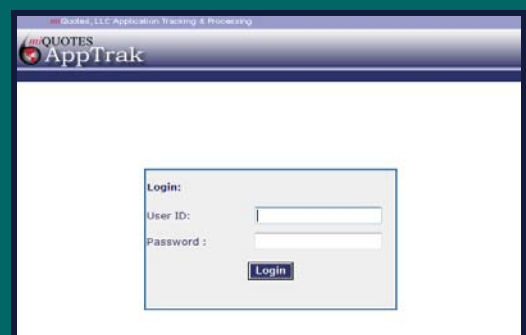

### Customized Quoting Engine

Agents and their clients can get quotes and request applications 24/7 from the privacy of their home or office.

### Access to miQuotes AppTrak System

Agents can track their business 24/7 with real time updates from the processing center.
